ACTIONS TAKEN AT TOWN MEETING

March 10, 1981

The meeting opened at 9:00 A.M., with Moderator Everett B. Rich reading the duly posted Town and School District Warrants and declaring the polls open for balloting for ten minutes. The meeting resumed at 9:15 A.M.

Article 3. Milada Harlow MOVED that the Town vote to allow the Library Trustees to proceed with the building of a new addition to the Converse Library. None of the cost of construction is to be raised by taxes but, rather, through donations from charitable organizations, gifts from individuals and organizations, and Revenue Sharing funds (see Article 4).

SECONDED.

VOTED in the affirmative by voice vote.

Article 4. Neal Lacoss MOVED that the Town vote to appropriate and authorize withdrawal from Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972 as amended, in the amounts and for the purposes indicated, namely: \$35,000 Library Building Fund, \$10,000 to make the Firehouse and the Highway Garage more energy efficient, \$5,000 for Office Furnishings for the new Town Office which will occupy the basement of the new Library wing, \$8,700 for a new Police Cruiser.

SECONDED.

VOTED in the affirmative by voice vote.

VOTED in the affirmative by voice vote.

Article 6. Eleanor Crary MOVED that the Town vote to authorize the Selectmen, as agents of the Town, to expend money from any Capital Reserve Fund for the purposes set forth in the budget, as submitted by the Budget Committee and approved by this Town Meeting, namely: Equipment Reserve \$80,000, Bridge Reserve \$10,000, Construction Reserve \$6,000.

SECONDED.

VOTED in the affirmative by voice vote.

Article 7. Ruth Whittemore MOVED that the Town vote to rescind the previously approved capital expenditure of \$5,000 from Revenue Sharing Funds for the purchase of land to be used in the eventual construction of a municipal building.

SECONDED.

VOTED in the affirmative by voice vote.

Article 8. John Trachy MOVED vote in accordance with RSA 41:47 to rescind its prior vote to elect by ballot a Constable. (The Town now employs a full-time police officer, designated by the Selectmen as Chief of Police, and thus there is no longer any need for the position of Constable. If the Town so votes to rescind, it will not be effective until the March 1982 Town Meeting. Any Constable elected at this Town Meeting will

Article 8. (Continued)

serve until March 1982.)

SECONDED.

VOTED in the affirmative by voice vote.

Article 9.

Steven Crary MOVED that the Town vote to support public transportation by amending the \$100.00 line in the Selectmen's and Budget Committee's budget to appropriate \$2,073 for the Upper Valley Senior Citizens Council, Inc.

SECONDED.

VOTED in the affirmative by a standing vote.

Article 10.

Jodie Rich MOVED that the Town vote to raise such sums of money as may be necessary to defray Town charges for the ensuing year and make appropriations of the same, as recommended in the Budget by the Budget Committee.

FOREST FIRE WARDEN

The citizens of Lyme are to be congratulated for their efforts in helping to prevent forest fires during 1981.

The Warden and the Deputy Wardens within the Town are responsible people, appointed and trained by the State of New Hampshire, each for a three-year term.

All fires kindled out-of-doors when there is no snow on the ground must be approved in writing by the Forest Fire Warden before being kindled. All forest fires must be suppressed by the Warden and his deputies as soon as they are reported. The cost of fire suppression is shared jointly by the Town and the State of New Hampshire.

Charles Thompson, Lyme's new Fire Chief, was appointed a Deputy Warden in 1981, in compliance with State regulations.

First Deputy Robert Sanborn received authorization from the State to issue fire permits in the absence of the Town Fire Warden.

The year was marked by the decision of the Trustees to proceed with the building of an addition. Don Metz, of Lyme, was asked to draw up the plans and consultation began with the Selectmen over the location of Town Offices on the lower level. Start of construction was held up for a number of weeks because of protracted negotiations with the Governor's Commission on the Handicapped concerning access to the building. Finally agreement was reached and ground-breaking took place on September 30th, when Ralph Balch turned over the first shovelful. Construction began and progress has been steady. Completion is expected by late March or early April.

The response of the Townspeople has been beyond all expectation. In addition to the anonymous gift of \$75,000 and the Revenue Sharing Funds of \$35,000, the people of Lyme have contributed just over \$51,000 in individual gifts and through fund-raising events. We can all be proud of this strong local effort which is giving our community a larger library and very adequate Town offices.

The library is now open 14 hours a week to the public, in addition to 17 hours each week, when it serves as the school library. The school program continued during the fall and winter months with only occasional interruptions because of the construction. Of the classes doing library research, Mrs. Parker's fifth graders were particularly enthusiastic as they hunted for information on local and state history projects. A children's movie series was held during the summer and colorful ladders indicated books read by the children.

The success of the library-sponsored program on "N. H. Writers and the Small Town" encouraged us to plan on similar events when the new building is available. The additional space will also provide shelving for the entire book collection, all on one floor, with each category of book in its own area. A kitchenette has been provided through the generosity of the Lyme Utility Club which will make it possible for community organizations to use the library for meetings and offer refreshments. We are grateful for this and all other gifts to the library. The many memorial books have added to the collection. We also want to thank the library volunteers who have given many hours in mending or preparing books for circulation. Without them our fine book collection would not be as readily available.

The Trustees meet in the Library on the second Monday of each month at 7:30 p.m.

LYME HOME HEALTH AGENCY

Report of the Board -- 1981

The agency, in keeping with its objectives, has continued in its efforts to promote health, prevent disease, and provide skilled nursing and physical therapy care. We are grateful to our staff and to the many faithful volunteers who have donated their services towards these ends.

Home Visits

Our agency nurses made a total of 603 home visits. There were 134 visits by the physical therapist. Visiting services are available to all people of the Town of Lyme and are not denied to residents for reason of inability to pay. Partial payments are acceptable to the extent of one's capacity.

Well-child Clinics

In 1981 the State has undergone some revision in its administration and its regulations for the well-child clinics in New Hampshire, which required the Lyme and Orford agencies to submit a joint grant proposal in order to continue to receive support. The grant, approved by the State, has resulted in increased funding for the clinics. Sessions are held jointly with the Orford agency each month, alternating between the two towns. The WIC (Women, Infants and Children) program, available at the clinics, provides nutrition information and supplementation for those who are eligible. In 1981 there were 183 visits to the clinics. Of these, 89 were children from Lyme. There is no charge for examinations, tests or immunizations made by the medical personnel. Parents are encouraged to bring their pre-school children regularly to assure proper development during early years.

Blood Pressure Clinics

Sessions were held at the Laura Barnes School on the fourth Thursday of each month from 4 - 6 P.M. There were 190 screenings. At appropriate sessions, influenza and pneumonia vaccinations were offered as well. The Grafton County Hypertension Control Study, begun in 1980, was extended through 1981. As part of this program, our nurses did blood pressure screenings on 73 individuals in local businesses. Of these, several employees were found to have elevated blood pressure readings and were referred for further evaluation.

Dental Clinics

These clinics were held in June and December with the Orford agency. 34 pre-school children from Lyme were examined.

Homemaker/Home Health Aide

This program has continued through a contract with the Lebanon Area Health Council. In 1981 there were 129 homemaker visits and 145 home health aide visits.

Education Committee

Arrangements were made for another course in cardio-pulmonary resuscitation in which eight people were involved. Our thanks to Aletta and Richard Martz for again serving as instructors. Booklets and information were on display at the well-child clinics on subjects such as pre-natal and newborn care, Christmas and summer safety, nutritious Hallowe'en snacks. Plans are underway to have nutritionist Carolyn Shearman speak

in April 1982. Time and place will be posted.

Infant Car-seat Rental

This program was initiated in 1980 and is now well on the way to success. The agency now has nine car-seats, one donated and eight purchased through gifts from the Utility Club and other interested citizens. These have been rented to parents of newborns for a one-time nominal fee of \$5.00 (to be applied to maintenance and replacement of seats). The seats are usable until the child reaches the age of 12 months or weighs 20 pounds. For more information, call the agency on Tuesday or Thursday 9-12 A.M. 795-2661. Our thanks to all those who have contributed time and funds to help ensure the safety of our future citizens.

The agency nurse may be reached on weekdays from 9-12 A.M. by calling 795-2661. If she is out, messages may be left for her. Since the agency is restricted to following a physician's directions in the care of the sick or injured, a medical doctor or the Fast Squad should be called in case of emergency. The emergency number for the Lyme area is 643-2222.

Agency board meetings are held at members' homes at 9 A.M. on the first Thursday of every other month, starting in February. Interested residents are invited to attend.

REPORT OF THE RECREATION COMMITTEE

The Recreation Committee opened the beach with three new lifeguards and a Recreation Director. The swimming lesson program was a success, as well as the recreation program of games during the morning hours, supervised by the Recreation Director.

The evening recreation program was well attended by the youth.

The skating rink has been flooded now that temperatures permit and is used by many people.

The ski program is off to a fantastic start, with 79 students enrolled and 20 instructors. The advanced group of students (F group) are receiving professional instruction.

This committee meets on the first Monday of the month at 7:30 p.m. at the Firehouse. The meetings are open to anyone interested in attending.

REPORT OF THE CONSERVATION COMMISSION

The professional survey of the Sevigny property was finally completed and the map in hand before the books closed for 1981. John and Milada Harlow spent countless hours tracing all the pertinent deeds in Concord and at the County Court House, and then worked closely with Bruno Associates, of Woodstock, Vermont, who did the on-site mapping after John had flagged the boundaries. There is still one portion of the line which has not been exactly determined, but it is expected that a mutually satisfactory agreement will soon be reached. We own between 255 and 268 acres, depending on the outcome of this settlement.

While working on the boundary Bruno Associates found an area that had been cut within the last few years. It proved to have been done by an abuttor in the belief that he was still on his own property. The Commission would like to have a professional forester determine the amount of lumber removed to help in negotiating a restitution. The cost of this has been estimated to be \$700.

The County Forester, Bob Burke, has walked over the property and thinks that at least eighty percent of it has no marketable timber. There are only a few small stands that might be harvested, but he advises that before we start on this we have a thorough timber cruise done. If done commercially this will cost \$1,000. However, he suggests that the State may be able to do this for nothing, and also make recommendations for the eventual use of the property, most of which has interesting recreational possibilities. There are lots of old logging roads that could be mapped and developed for hiking, ski-touring or snow-mobiling. There are some beautiful stands of hemlock, and a nice babbling brook, and also some fascinating ledges for climbing. The Commission is pursuing this suggestion.

The Commission accepted a conservation deed from Bayne Stevenson covering 33 acres on High Bridge and Hardscrabble Roads.

The Commission obtained a list of over 400 endangered plants (with only their Latin names) from the State which Cynthia Bognolo's Latin class translated into English with the help of Gray's botany book.

Members of the Commission attended meetings around the State on wetlands, flood plain management, saddle prominent and gypsy moth control, and co-sponsored a meeting in Lyme with the Connecticut River Watershed Council on conservation of agricultural lands along the Connecticut River.

The Commission wishes to take this opportunity to thank, on behalf of themselves and the Town, Milada and John Harlow for their painstaking and tremendous efforts in surveying the Sevigny property - efforts which have saved the Town several thousand dollars.

Next year we hope to work on identifying and classifying our wetlands, in order to better preserve them under State Laws, and continue care of the Sevigny property.

MARY S. BOWDEN, Chairman

LYME YOUTH COMMITTEE

The Town of Lyme is indeed fortunate that its citizens had the foresight to set up a counselling program for its young people and parents, as well as concerned adults, over the past few years. Throughout this past year it has been a source of considerable help to persons of the community in times of stress. One of the satisfactions of the program is the wide span of age levels of those who call for assistance.

The work load of Ford Daley, counsellor, is significantly greater than last year, both in hours and in number of persons contacted, yet the outward number of visible problems in the community seems less than the previous year. The committee feels this supports its emphasis on preventive counselling.

Four families in the community responded to the committee's request for temporary foster homes, especially on weekends. A number of persons called in relation to the Partner's program. The committee is grateful for this very visible support.

This year's Youth Employment Service enabled a number of young people to find work during the spring and summer. All community persons who would like help on various kinds of work projects are urged to call Ford Daley or Bob Wickware as early as possible so suitable young persons can be ready for them.

The Partner's Program represents the newest development in the committee's work in the Lyme community. The heart of the program is that young people are paired up with older persons who agree to be with their younger partner at least three hours per week. This three hours of contact will enable the younger person to have time, and thus the opportunity, to talk over his or her concerns, problems or hopes for the future, in an informed and friendly atmosphere. The title "Partners" implies that this working together will be a mutually rewarding experience and not simply a one-way flow of talk and advice from the older to the younger.

The supervision of such a beginning program will at present involve extra time for Mr. Daley. It is hoped that in the future the value of the program will show up in having less of Mr. Daley's time used up in counselling young people and parents after they are involved in a series of serious problems, and allow him to devote more time in working with the Partners' Program and its preventive emphasis.

There are at present four functioning pairs and the committee hopes within the next few months to have between nine and twelve in operation.

The committee has proceeded slowly to try to arrive at something which is well rooted in community needs and is sensitive to the changing needs of young people in this day and age.

In setting up the program the committee was guided by three basic premises:

1. Keeping young people from getting into serious trouble should be a major thrust of the work.
2. The solutions to our problems should be based locally. The cutting back of State and Federal funds, upon which we have previously depended, has reinforced this approach. We probably need to go back to providing more of an environment where young people have the widest

possible opportunities to share their aspirations and concerns with older, more mature people.

3. That tapping and organizing our local resources is a basic problem. Lyme is full of people who are available if we can locate them and help them become involved.

LYME PLANNING BOARD

During the past year the Planning Board met 25 times, including regular meetings, special hearings, and planning sessions.

In addition to dealing with some 20 routine subdivision applications, the Planning Board devoted a great deal of time and energy to reviewing the proposal of the Bay-Son Company (Bayne Stevenson) to enlarge 13 Dartmouth College Highway, the office and professional park development on Route 10, by the addition of 30,000 square feet of space in nine new buildings. As previously reported to the Town, the Planning Board voted to deny the application on April 30. Since then we have met with Bayne Stevenson a number of times in an attempt to resolve the issues presented by the proposed development. We understand that the proposal will be re-submitted in February or March.

In addition to work on subdivision applications, the Planning Board has been working on a comprehensive revision of the Town's Subdivision Regulations, to reflect recent changes in State Law and the experience gained by the Planning Board in more than ten years of administering the Subdivision Regulations. The revisions are scheduled for completion during the month of February and will be discussed in detail at a public hearing in February or March.

Members of the Planning Board have attended a series of workshops sponsored by the Forum for the Valley's Future on various planning issues, including work on the development of a data base (fiscal data, population growth, job growth, housing, etc.) for growth planning and management, and studies of the potential impact on the Upper Valley of major development projects, including the proposed Landmark Development, the expansion of the Lebanon Airport, the development of an Airport Industrial Park, and growth of the Mary Hitchcock Memorial Hospital and Clinic. We have also been working with the Forum for the Valley's Future and the Upper Valley-Lake Sunapee Council on techniques for analyzing the impacts of development, including fiscal impacts, impact on the natural environment, and the impact on population growth and school enrollment.

The Planning Board was also represented at a two-day training session and conference on water quality and septic system design and function held in May in Laconia. Planning Board members and Selectmen from all over the State attended the session, which was led by a variety of experts in the field, including personnel of the N. H. Water Supply and Pollution Control Commission.

During the first part of 1982 we will complete the revision of the Subdivision Regulations and the Town Master Plan. We then plan to move ahead with the development of a Zoning Ordinance, tailored to the particular needs and concerns of the Town. We will also work on Historic District zoning around the Common and develop a Site Plan Review Ordinance for the regulation of commercial, industrial and apartment development. We would be glad to have help from anyone who is interested in working on any of these matters. Please contact any member of the Planning Board.

The Board is now meeting on the second and fourth Tuesdays of each month, at 7:30 p.m., in the Selectmen's Office. The meetings are open to the public and all are welcome.

LYME CENTER ACADEMY BUILDING

Several repairs were made to the Academy in 1981. The building was painted and a new metal roof laid down. Windows were glazed and broken panes replaced. The front porch was also replaced and a new septic system installed. Total cost was \$3,825.94.

Structurally, the building is in far finer shape than it was two years ago. We feel that the Academy is well worth preserving for its functional, historic and aesthetic values. We hope to see the bell tower restored one day but found that this would cost considerably more (\$30,000) than the appropriation voted for repairs last year (\$6,000), as some of the timbers in the front wall would have to be replaced in order to support the bell tower weight. Therefore, we will wait for further direction from some other Town meeting, some other year, and look for a time when fund-raising seems to be in order.

AMBULANCE SERVICE

For the last four years Lyme's per capita rate for Ambulance Service has been \$3.50. It will remain at that figure for 1982. Lyme's population is 1,289 (down 1 from last year), so the amount budgeted is \$4,511.50.

The price we pay for keeping the tax bill down is an increase in the amount charged to the patients. The basic fee has been \$45 for four years but will be \$50 in 1982. (To this is added \$12 in mileage charges from Lyme to Hanover, and another \$10 if oxygen is used.)

Our contract with the Ambulance Service requires that each patient be responsible for prompt payment of these bills. It is up to the patient to apply for any insurance or Medicare benefits. If we can assist with these claims, we will be glad to help out.

Lyme is fortunate to be served by this well-equipped and professional service for so little cost. (A new ambulance costs more than \$60,000 these days.) The ambulance, and usually Lyme's FAST Squad, responded to 33 calls in the first 11 months of 1981.

THE NEW HAMPSHIRE MUNICIPAL ASSOCIATION

The New Hampshire Municipal Association has existed since 1957. It is a non-partisan, non-profit organization, whose 223 member cities and towns share a common interest in better local government.

NHMA provides a wide variety of services to its member communities. Among the services provided are: legal services, technical assistance, group insurance programs, personnel services and representation of municipal interests before Federal, State and administrative bodies.

The ultimate goal of these services is to help elected and appointed officials provide more efficient and effective government at the local level. In its representation of municipal interests before the State Legislature, one of the primary goals of the Association is preventing excessive property tax burdens being placed on local government.

NHMA also conducts many workshops and seminars dealing with local needs and problems. These include programs on such topics as municipal liability, welfare administration, assessing, land use and planning law, budgeting and labor relations. The biggest and most important learning opportunity offered by NHMA is its annual meeting. Held every fall, this meeting provides local officials with valuable program sessions designed to give local officials ideas and information they can put to use in their communities for the people they serve.

Further information about NHMA can be obtained from the Board of Selectmen or by contacting NHMA offices at 193 North Main Street, Concord, N. H. 03301

LYME SCHOOL DISTRICT MEETING

March 5, 1981

The meeting was opened by David Washburn, Moderator, at 7:45 p.m. Edith Jenks introduced the new Principal at Lyme School, Vince Pacillio, and Hugh Watson, Superintendent, Dresden School District.

David read the School Warrant and the Return of Posting.

ARTICLE I: To hear the reports of Agents, Auditors, Committees, or other officers heretofore chosen, and pass any vote relating thereto.

Dorf Sears made motion that the reports of Agents, Auditors, Committees, and other officers heretofore chosen, be accepted as set forth in the printed report. Bob Sanborn seconded the motion. Article voted in the Affirmative by voice vote.

ARTICLE II: To see if the District will vote to establish a Capital Reserve Fund pursuant to RSA 35, to be used for the purpose of undertaking energy conservation measures; to raise and appropriate the sum of Twenty Thousand Dollars (\$20,000) to be paid into such fund; and to name the School Board as the agent of the District to carry out the objects of the Capital Reserve Fund and to make such expenditures from the Fund from time to time as the Board deems necessary and proper.

Harry Sanborn made motion that the District establish a Capital Reserve Fund pursuant to RSA 35, to be used for the purpose of undertaking energy conservation measures; to raise and appropriate the sum of Twenty Thousand Dollars (\$20,000) to be paid into such fund; and to name the School Board as the agent of the District to carry out the objects of the Capital Reserve Fund and to make such expenditures from the Fund from time to time as the Board deems necessary and proper.

Dorf Sears seconded motion and motion voted in the Affirmative by voice vote.

George Wolford told us about work on roof of the old section of school and what needs to be done. Vince Pacillio also spoke to the situation.

ARTICLE III: To see if the District will vote to request from the New Hampshire State Department of Education a waiver from the requirement to provide a school lunch program.

Pat Greenwood made motion that the District request from the New Hampshire State Department of Education a waiver from the requirement to provide a school lunch program.

Harry Sanborn seconded motion. Passed in Affirmative by voice vote.

Bob Sanborn asked why we have to do this? Hugh Watson explained that this has to be voted on at School District Meeting by Law of the State.

ARTICLE IV: To see if the District will vote to accept the operational budget for 1981-82 submitted by the Budget Committee and pass any vote relating thereto.

Mike Smith made motion that the District accept the operational budget for 1981-82 submitted by the Budget Committee and, further, that the School District raise and appropriate the sum of Five Hundred Seventy-Six Thousand One Hundred Forty-Seven Dollars (\$576,147) for this purpose.

Bob Chaffee seconded the motion; Affirmative by voice vote.

George Wolford did some explaining of the budget. The budget is up approximately 12%. Appropriations up 15%. There were several questions about the budget and some discussion about tax cuts. It was explained there will be a Physical Education teacher to teach health and physical education.

ARTICLE V: To see if the District will authorize the School Board to make application for, to receive and spend in the name of the District, such advances, grants-in-aid or other funds for educational purposes as may now or hereafter be forthcoming from federal, state, local or private agencies or persons.

Bob Sanborn made motion that the District authorize the School Board to make application for, to receive and spend in the name of the District, such advances, grants-in-aid or other funds for educational purposes as may now or hereafter be forthcoming from federal, state, local or private agencies or persons.

Ruth Everet seconded the motion; Affirmative by voice vote.

ARTICLE VI: To transact any other business that may legally come before this meeting.

Bob Chaffee suggested that we start the meeting on time next year.

David Washburn thanked Edith Jenks, School Board member, and Jean E. Bomhower, Clerk and Treasurer, for service to school district. They both are not filing for office this year. Mary Cornwell expressed her thanks to Edith for work on School Board.

Betty Aulis made motion this meeting be adjourned.

Mike Smith seconded. Motion Affirmative by voice vote.

Meeting adjourned at 8:45 p.m.

Respectfully submitted,

JEAN E. BOMHOWER, Clerk

AUDITORS' CERTIFICATE

This is to certify that we have examined the books, vouchers, bank statements and other financial records of the Treasurer of the School District of Lyme, of which the above is a true summary for the fiscal year ending June 30, 1981, and find them correct in all respects.

October 10, 1981

ELLIOT LERNER

EDWARD P. MERRELL, Auditors

The financial statements on the previous pages have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles. This method of accounting recognizes accounts receivable and accounts payable as revenue and expense in the year in which earned or incurred rather than the year in which received or paid. The School District's books of account are maintained on the cash basis in accordance with generally accepted public school practices.

LYME SCHOOL BOARD REPORT

The 1981-82 school year saw the completion of the controversial pitched roof on the Barnes School. Because so little time has passed since its completion, we are not able to give adequate figures on energy savings but are happy to say that rooms are much more comfortable. In addition to being warmer, the rooms in the Barnes School are much cleaner and brighter, thanks to a terrific paint job by John Hutchins and some high school students hired during the summer.

Goals adopted for the 1981-82 school year include: introducing a series of elective course offerings into the course of studies for the middle school; developing and implementing an organized instructional program in physical education for grades 5 - 8 with attention to sequential skill development; improving student proficiency in vocabulary, spelling, and in writing skills in grades 3 - 8; developing written procedures for monitoring and following through on high school placement and attendance; developing and implementing written criteria for student performance in basic skills to be achieved by the end of each grade year, and to provide remedial instruction, if necessary, to individual students; and extending computer use and instruction into programs both for the primary and middle school grades. The goals have the support of the Lyme School teaching staff as they intend to achieve them by the end of the year.

The additions to the Lyme School staff include - Lynn Parker, grade 5; Robert Schmidt, Physical Education and Health; Cathy Johnson, nurse; Judith Barton, secretary; Janice Treadwell, art; Lisa Deguise, instrumental music; and Paul Ehrlich, custodian. The Board has been pleased with the valuable assets the new staff members offer.

It is our pleasure to announce that Linda Cohen, a Lyme staff member for four years, was a finalist for New Hampshire Teacher of the Year award. We feel fortunate to have Ms. Cohen working within our school system and offer her our congratulations.

A new project the Lyme Board embarked on was the intense study of transportation to and from the Lyme schools. A few changes were made in the bus routes, and it is our intent to review the routes and stops yearly in order to provide safe child transportation and to continue our efforts in energy conservation.

Teacher contracts were renewed, resulting from informal and pleasant negotiations, requiring no legal counsel. The Staff and Board have met several times, combining social and business hours, in order to keep an open line of communication, resulting in what we feel to be a more effective way to provide a good education for our Town children.

The School Board wishes to thank Hugh Watson, Superintendent of Schools, Larry Cornell, Assistant Superintendent of Schools, and Jeanette Cook, Administrative Assistant, for their valuable assistance during the year.

GRAFTON COUNTY COMMISSIONERS

In our continued effort to communicate more directly with the tax-paying citizens of Grafton County, we are taking this opportunity to reach you through your annual Town report.

We are pleased to report that due to the unusually high interest rates during our 1981 fiscal year, Grafton County had a very good investment year, realizing \$71,375 in interest earned, which contributed to the \$257,458 surplus, most of which was applied to the fiscal year 1982 budget to reduce tax requirements. Budget appropriations for the current fiscal year beginning July 1, 1981 are about on target. However, we may be looking to a deficit at fiscal year end and we definitely anticipate a sizable budget increase next fiscal year due to shifts in programs and financial responsibilities without accompanying Federal/State funding to administer these programs, many of which are mandatory, not optional. Impact is already being felt by towns as well as counties in the educational, child protection/placement, and medicaid programs. In line with state and local "belt tightening", the County Commissioners will be taking a hard look at budget requests this next fiscal year. Priorities must be established to "hold the line" in future budget appropriations.

The computerized bookkeeping system is working out well, proving to be an asset in controlling appropriations and allowing on-demand reports showing the County's financial position at any given time.

Grafton County Commissioners, along with the maintenance supervisors and Nursing Home administration, continue to work closely with Dynamic Integrations in effecting energy conservation measures, both for the Courthouse and Nursing Home Complex. Many dollars have been and will continue to be saved through these efforts.

Superior Court has requested finishing the second courtroom in the very near future as there is a greater demand for jury hearings and use of two courtrooms at the same time. The Commissioners have engaged Wright-Pierce architectural firm to submit proposals for finishing the second courtroom, with the intent of having funds included in the next fiscal year's budget to carry out the project.

Again this year the farm has been productive. Cattle sales grossed an all-time high of \$35,235. While cattle sales have been very successful, our herd has remained consistently highly rated in the Dairy Herd Improvement Association reports. Cattle were entered into eight various sales in three different states. The total herd, including milkers, heifers and calves, numbers about 187. The swine program has also had a most fruitful year, with a combination of production and sales. As in the years past, we maintain a waiting list for piglets. There have been quite a few field trips through the facility by the local school districts and Future Farmers Association, utilizing our farm for their educational programs. The Nursing Home purchased \$32,402 of food and produce from the farm, which was advantageous to our residents by having fresh produce in season and frozen produce during the winter months, not to mention the cost saving factor.

Grafton County had the highest census ever this past year in the Jail and House of Correction, resulting in an increase in management problems such as overcrowding, staff stress, and much higher than anticipated inmate medical costs. Inappropriate admissions to county jails of mentally disturbed inmates has created a great portion of inmate behavior

problems within the facility.

The Commissioners hold their regular meeting every Monday, except holidays, at 9:30 a.m. in the Commissioners' Office of the Grafton County Courthouse, followed by a second meeting at the Grafton County Nursing Home Complex at 1:00 p.m., which regularly includes visits to farm and jail facilities. Public and press are welcome and, in fact, are encouraged to attend the meetings.
